

GLOBAL INSTITUTIONAL PROFILES PROJECT

2014 PROFILE:

UNIVERSITY OF MONASTIR

INTRODUCTION

Thomson Reuters Institutional Profiles Project creates accurate and comprehensive profiles of research institutions around the world.

With reliable and objective data on each institution, users of the data in these profiles and elsewhere are better equipped to:

- **Validate and quantify** executive and strategic decisions
- **Support marketing, publicity** and other promotional efforts
- **Supplement rankings and other assessment initiatives** with additional indicators of excellence

By working closely with a multitude of personnel from universities and other related institutions around the world, we have been able to create the richest, clearest profiles to date – portraits of facts and figures on research activity, funding, students, and staff, supported by verifiable indicators from Thomson Reuters, the most trusted information provider in the market today.

ABOUT THE REPORT

This Profile supplements the Institutional Profiles data available in *InCites*[™] and is provided to organizations contributing to the institutional profiles project. It is based on data from three main sources: data provided by the institution directly to Thomson Reuters; data on the institution's publications and citations from *Thomson Reuters Web of Science*[®]; and the results of the annual Academic Reputation Survey.

For more information please see: <http://ip-science.thomsonreuters.com/globalprofilesproject/>

Thomson Reuters has conducted extensive validation of the data and applied powerful analytical techniques to interpret and present the data in a meaningful way.

This Profile and all data included herein may be used as a promotional and/or marketing device, as a management tool to be shared internally with colleagues for purposes of evaluation, or to provide institutional research executives with information on research performance. The information in this report may be used to assist students or faculty in the selection of your institution. You may use this report in the following ways:

Post it on your institution's website (see below)

Share with administrators at other institutions

Submit with research assessments or government and funding proposals

Please note the data tables and individual performance results are the property of Thomson Reuters. Use of any of the information must include the copyrighted Thomson Reuters logo that accompanies this report, as well as the following notice: "Thomson Reuters reserves all rights to the data and data should not be extracted, republished, redistributed or used for any commercial purpose."

BRIEF DESCRIPTION

The University of Monastir(UM)is a public institute of high education. It was founded in 2004 (according to "décret n° 2102 de l'année 2004".The UM is home to 28000 students, 2000 academic lecturers, and 1000 administrative and support staff. It offers many programs from a wide range of subjects at undergraduate and postgraduate levels. The main activities of UM are related to higher education learning and research in many fields. It counts about 90 research structures, research and 4 doctoral schools which carry out high research quality.UM includes many students preparing their PhD research in a wide range of specialties: Biomedical, Pharmaceutical, communication, IT skills, fundamental Sciences and Economics.UM is a member of international networks and associations.it is involved in a many national and international projects such as CMCU, INSERM, TEMPUS, ERASMUS MUNDUS. The UM has taken part in numerous and successful transnational partnership, this openness to the international dimension of the UM is illustrated by its cooperation policy regarding research and by its significant effort in implementation of mobility projects for students, academic staff and researchers. UM comprises 11 institutes and 5 faculties. They offer a wide range of courses. Applied Mathematics and informatics, Biotechnology and biology, Engineering, Chemistry, Physics, Computer, Clinical Medicine, Dentist, Pharmaceutical studies, Management and Arts.

MISSION STATEMENT

The missions of Um are:

- To answer all the needs of the country especially concerning training, production, disseminating of the knowledge and developing skills in various fields.
- Developing the knowledge, and master the technology by promoting research and encouraging the innovation, individual and collective creativity in various fields of knowledge
- Ensuring the scientific, pedagogic and administrative coordination between all the institutions.
- Participate to the activities of development of the country, to support the various sectors of national activity and to prepare students for creating projects and economic companies.
- Establish links of partnership and cooperation with similar organisms in the word in order to set joint degrees and to lead in co-supervision of research leading to academic degrees, exchange of experts and expertise and to perform joint research related to the priorities of development

DIVISIONS

Faculty of Medicine of Monastir

Faculty of Dental Medicine of Monastir

Faculty of Pharmacy of Monastir

Faculty of Economic Sciences and Management of Mahdia

National Engineering School of Monastir

Papers - international co-author / papers	78

Note: Values and scale on tables and diagrams are cumulative probability scores, representing your institution's place compared to other institutions. Dotted line on the diagram represents a cumulative probability of 50 i.e. the median value. Maximum value is 100.

* Industrial co-authorships are not available in 2013; they are under consideration for 2014.

SUMMARY

We hope you find this report informative and look forward to many years of collaboration to improve our multidimensional approach to institution profiling, data validation, and qualitative assessment. For over half a century, Thomson Reuters has pioneered the world of citation indexing and analysis. All of our analytics tools and services are underpinned by the gold standard citation data in the *Web of Science™*. We are therefore uniquely positioned to help you and your institution make informed decisions about current and future research and organizational strategies. We look forward to continuing our partnership with you and welcome any feedback you may have.

The data presented in this report represent just a fraction of what you can obtain when you subscribe to *InCites™*, the web-based evaluation tool from Thomson Reuters. The next generation of the InCites platform enables you to access data from Institutional Profiles and Global Comparisons, alongside both article-level and aggregated data and metrics to assess the impact and influence of people, departments, institutions, regions, and publications within the broader research ecosystem.

The next generation of InCites allows you to objectively and accurately assess the return on your research investments and activities. Starting with a foundation of trusted Web of Science data, you can create visually impactful reports to help:

- **Develop** a clear picture of the research activity at your organization-- an indicator of future success
- **Measure and benchmark** the research performance of your people, programs and peers to properly allocate funding and attract new talent
- **Facilitate** collaborations that advance your strategic goals and support internal review, reporting and promotional processes

And, Thomson Reuters is now offering simplified research management at your fingertips. Converis research information management and workflow system with data and metrics integrated from the Web of Science and InCites provide consistent analysis and competitive assessment of your people and programs. Easy-to-create reports are shareable with colleagues, department heads and administrators, and across institutions. Plus the integration of InCites and Converis allows organizations to even more easily manage the complete research lifecycle through better management information and efficiency and increased visibility into your people and programs.

Thomson Reuters

Thomson Reuters is the world's leading source of intelligent information for businesses and professionals. We combine industry expertise with innovative technology to deliver critical information to leading decision makers in the financial, legal, tax and accounting, healthcare and science and media markets, powered by the world's most trusted news organization. With headquarters in New York and major operations in London and Eagan, Minnesota, Thomson Reuters employs 55,000 people and operates in over 100 countries.
