General Principles for Cooperation and Exchange:

1. The institutions mutually agree to exchange information, faculty staff and students in both academic and research programs.
2. Each institution will endeavor to ensure in providing exchange opportunities, visiting staff and students have the maximum opportunity to learn and benefit from the cooperation and exchange.
3. The institutions will formulate specific action agreements to assist in creating and operating academic and research programs.
4. All the necessary expenses required for academic exchange and cooperation will be based on agreement by both institutions concerning each activity.
5. This Agreement shall be for a duration of 2 (two) years commencing on the date when it was signed by the last of the parties. Either party to this Agreement may rescind said Agreement by providing six (06) months' notice of their intention to terminate the Agreement. Any termination shall take into account students, professors, and other personnel already involved in any activities under this Agreement and the above-mentioned appendices.
6. Any difference in the understanding of this agreement or in its execution will be resolved between the two parties by amicable settlement or diplomatic ways.
In case of disagreement, the dispute will be resolved through the constitution of a committee made up of the two parties in order to decide in the dispute.
In virtue of this agreement, both parties shall adhere to the proposals of the committee.

This MOU is a master agreement and describes the arena for future projects and relationships between both institutions. The MOU, as well as succeeding plans of cooperation, shall be effective for three years after approval by the appropriate authorities of all parties. The MOU may be extended for additional three years with written consent of all parties. Each institution may terminate the MOU by written notice.

The agreement should be concluded in two original documents, both written in English language and being equally authentic.
